

Valdosta Amateur Radio Club (W4VLD)
Monday Night Net

<Don't forget to give your call every ten minutes! >

Good evening, this is (your callsign) welcoming you to the W4VLD Monday Night net. My name is (your-name), and I will be your net control operator this evening. This net meets every Monday night at 8:00 pm local time. The purpose of this net is to provide ham radio news in general and news specific to the Valdosta Amateur Radio Club. It is also an unofficial trader's net, so if you are looking to buy, swap or sell anything ham radio related, please bring it up during your turn. We will now pause for any emergency or priority traffic. Please break in now or at any time during this net with such traffic.

<Pause for any break in>

Do any VARC club officers have announcements at this time?

<Pause for announcements>

As a courtesy to our guests and mobile users, we allow them the option to check in first, so they can pass traffic before driving out of repeater range. Any guests or mobile users wishing to check in at this time, please call now.

<Pause for any guests and mobiles>

Now we will take general check-ins. We take check-ins based on the first letter of your call-sign suffix. We do this in alphabetical order.

We will start with A, Alpha through M, Mike. Please check-in now.

< Write down check-ins that follow >

Now we will take N, November through Z, Zulu. Please check-in now.

< Write down check-ins that follow >

Valdosta Amateur Radio Club (W4VLD)
Monday Night Net

We will now start running the list.

<Work through the list in the order they checked in>

<After the first run, pass your traffic.>

<Ask for late check-ins or re-checks.>

<Let them pass their traffic in order of check in>

I would like to thank everyone for participating in the **(Month, Day, Year)** edition of the W4VLD Monday Night net. We had a total of _____ check-ins tonight (count yourself). I will now return the repeater to local control. This is **(your callsign)**.

73's everyone.
